

ANSH SINGH

Varanasi, UP | +91-8840916738 | snghansh07@gmail.com

GitHub: SinghAnsh07 | LinkedIn | Portfolio | Codolio

SUMMARY

Full-stack developer with strong expertise in scalable backend architectures, modern frontend frameworks, and system design. Experienced in building production-grade MERN applications, real-time systems using WebRTC and Socket.IO, and optimizing database and API performance for high reliability.

EDUCATION

Vellore Institute of Technology, Chennai (VIT Chennai)

Bachelor of Technology in Computer Science and Engineering | CGPA: 7.6

2023–2027

TECHNICAL SKILLS

- **Languages:** C, C++, Python, Java, JavaScript (ES6+), TypeScript, SQL, Bash
- **Frontend:** React.js, Next.js, Redux Toolkit, Tailwind CSS, Material UI, React Native, HTML5/CSS3
- **Backend:** Node.js, Express.js, Flask, Django, RESTful APIs, Microservices, System Design (LLD/HLD)
- **Databases:** MongoDB, MySQL, Redis
- **Data Science / ML:** NumPy, Pandas, Matplotlib, Scikit-learn, Machine Learning, Data Analysis
- **Tools & DevOps:** Git/GitHub, Docker, Postman, Swagger, CI/CD, Linux
- **Cloud & Realtime:** AWS (S3), Cloudinary, JWT, WebRTC, Socket.IO, Hugging Face
- **Methodologies:** Agile, Scrum

EXPERIENCE

AICTE

Feb 2026 – Mar 2026

Power BI Intern

- Designed and developed **interactive dashboards** processing large datasets, reducing manual reporting effort by ~40% across 3+ business verticals.
- Built **data transformation pipelines** using Power Query, improving data consistency and reducing preprocessing errors by ~30%.
- Utilized **DAX functions** to create optimized calculated fields, improving report refresh performance by ~25%.
- Applied **data modeling techniques** (relationships, normalization) to structure backend data flow, enabling accurate cross-table analytics.
- Optimized report performance by eliminating redundant queries, achieving a measurable reduction in **dashboard load time**.

PROJECTS

Study Notion | EdTech SaaS Platform | MERN, Redux, Socket.IO, Razorpay

[GitHub Repository]

- Built a **full-stack Learning Management System** supporting role-based dashboards, video processing, and course monetization.
- Integrated **Razorpay Payment Gateway** with custom webhook logic for automated enrollment and invoice generation.
- Visualized business metrics using **Recharts**, enabling instructors to monitor student retention and revenue growth in real-time.
- Leveraged **Cloudinary CDN** for global asset delivery, resulting in **40% faster page load times**.
- Implemented **JWT-based authentication** with secure Http Only cookies and session persistence, enhancing platform security.

MediConnect | AI Telemedicine Solution | React, Node.js, WebRTC, Socket.IO, Hugging Face

[GitHub Repository]

- Developed a **real-time Consultation Engine** via **WebRTC**, facilitating encrypted peer-to-peer video streaming and chat.
- Integrated **Hugging Face Transformers** for an automated medical triage assistant, achieving **85% accuracy** in symptom analysis.
- Implemented high-security standards for patient data using **AES-256 encryption** and JWT-based session management.
- Designed an intuitive dashboard for healthcare providers to track appointments and digital health records (EHR).
- Orchestrated **Socket.IO namespaces** to manage multiple concurrent consultation rooms, ensuring isolated, stable real-time data flow.

COURSES & CERTIFICATIONS

- DevOps Fundamentals — IBM (Coursera) · July 2025 **[certificate]**
- DevOps, Agile and Design Thinking — IBM (Coursera) · July 2025 **[certificate]**
- Structured Query Language — University of Colorado Boulder (Coursera) · Feb 2025 **[certificate]**
- Javascript Basic — GeeksforGeeks · April 2025 **[certificate]**

ACHIEVEMENTS

- **Competitive Programming:** Solved **500+ problems** (LeetCode, GFG, Codeforces); **Max Rating 1700+ (Top 10% Globally)**.
- **Contest Rank:** Secured **Global Rank 944** in LeetCode Biweekly Contest 162 and 848 in Biweekly Contest 159.
- **Community:** Finalist at **FlutterSprint Hackathon 2K26** · **Google Developer Club**; active participant in EU Code Week, contributing to open-source web accessibility tools.
- **Soft Skills:** Strong communicator with experience in Agile environments and cross-functional team collaboration.
